

CAREER PROGRAMS

Cooperative Programs

Moraine Valley has cooperative agreements with seven suburban community college districts that enable Moraine Valley district residents to enroll in occupational programs not currently offered by Moraine Valley at in-district tuition rates for that college. To qualify for the in-district tuition rate of the cooperating college district, students must contact the cooperating college district.

General education and related technical courses in these cooperative programs can be taken at Moraine Valley or at the cooperating college. Specialized career courses must be taken at the cooperating college.

Moraine Valley students can enroll in any program at the following colleges at the in-district rate if the program is not offered at Moraine Valley. For more information about cooperative agreements, check with the office of Admissions and Records.

Cooperating College
