MORAINE VALLEY EDUCATION CENTER AT BLUE ISLAND, 12940 S. WESTERN AVE., BLUE ISLAND

Eisenhower High School, 12700 S. Sacramento Ave., Blue Island; **Evergreen Park High School**, 9900 S. Kedzie Ave., Evergreen Park;

Worth Township Center, 11601 S. Pulaski Rd., Alsip; **Aspen High School**, 3940 W. Midlothian Turnpike, Robbins

Message from the President

Dear Neighbor:

Thousands of students are taking advantage of the opportunity to obtain an excellent education at a location convenient for them.

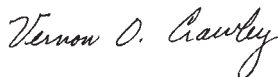

As our student population grows, so too do our services. Students can use our computers to register for classes, order textbooks online and have them delivered to the Blue Island facility, and obtain their student identification cards on site during the first few weeks of each semester. In addition, our student support specialist is available to help students with any questions they may have about registration, classes, financial aid or more.

The Moraine Valley Education Center at Blue Island provides the same quality education as our campus in Palos Hills and at our other extension sites, including Eisenhower High School in Blue Island. And we've put together a schedule that can work with your busy lifestyle by offering daytime, evening and Saturday classes.

I invite you to come visit us at your convenience. Take a closer look at Moraine Valley and all we offer. You'll see why we truly are changing lives for a changing world.

Sign up today and expect success!

Sincerely,

Dr. Vernon O. Crawley
President

Moraine Valley offers credit and non-credit courses at our Moraine Valley Education Center at Blue Island. The center is located at 12940 S. Western Ave. You may choose daytime, evening or Saturday classes that fit your busy schedule.

- Start the college education you've always wanted
- Take classes to get a good job
- Prepare for your GED
- Brush up on skills for college classes
- Discover new interests
- Degree and certificate programs
- Take transfer and career courses

Moraine Valley Community College offers all courses needed to complete the following programs between the Education Center at Blue Island and Eisenhower High School (12700 S. Sacramento, Blue Island) on a part-time basis.

Degree Programs

Business Administration and Criminal Justice

Certificate Programs

Coding Specialist, Paraprofessional Educator, and Receptionist/Office Assistant

Analyzes special distribution and relationship among significant cultural factors. Population distribution and trends, human migration, settlement patterns, and urban problems are discussed. (3 contact hours)

GEO-101-581 4:30-6pm Tues/Thurs Rm. 105
Starts Sept. 1st for 16 wks

Do You Have Management Potential?

Moraine Valley Education Center at Blue Island and Eisenhower High School offer a degree program to help students climb the corporate ladder, gain new skills, and prepare to enter the exciting field of management. The **Business Administration Program** can give you the skills you need to succeed in today's business world.

Students in this program can earn an Associate in Applied Science degree in business administration with a concentration in management. The curriculum is designed to meet the needs of students who want to enter management positions and enable those already in management to upgrade their skills and potential for growth. Courses include small business management, principles of marketing, international businesses, human resources management, and business presentations.

An important feature of this program is the internship/seminar component that provides on-the-job training and offers students the opportunity to work in and evaluate a professional setting.

Specific general education courses this fall are:

COM-101 Composition I
COM-103 Speech Fundamentals

Additional courses to fulfill the required career courses are:

BUS-100 Introduction to Business
BUS-142 Financial Accounting
BUS-231 Principles of Management
ECO-101 Principles of Macroeconomics
MTH-120 General Education Mathematics

EDUCATION CLOSE TO HOME

REGISTER EARLY!

Register for classes Aug. 3-7 at the Moraine Valley Education Center at Blue Island and enter the early-bird raffle. You could win a \$20 Moraine Valley Bookstore gift certificate and other prizes.

The Moraine Valley Education Center at Blue Island offers daytime, evening and Saturday credit and noncredit classes, allowing students to take classes at a time that works best with their schedule.

Medical Terminology

3 credit hours

Introduces various medical terms used in the health field. Emphasis is on analysis and building of medical terms using Greek and Latin prefixes, roots and suffixes. Abbreviations, eponyms, anatomical terms, and medical vocabulary not based on word elements are also reviewed. Definitions, spelling and pronunciation of medical terms are stressed. (3 contact hours)

This is a required career course in the Coding Specialist certificate program.

MRT-110-580 9-10:30 a.m. Tues./Thurs. Rm. 105
Starts Sept. 1 16 wks Blue Island Education Center

MRT-110-582 6-9 p.m. Wed. Rm. 105
Starts Sept. 2 16 wks Blue Island Education Center

Body Structure and Pharmacology

3 credit hours

Prerequisite: MRT-110. This course is a continuation of medical terminology with a focus on introduction to basic pathology and pharmacology terminology. The intent is to develop a knowledge base through the study of the structure and function of the human body, pathophysiology, diagnostic and treatment modalities, and pharmacy therapy available for clinical management of patient care. Emphasis is placed on the establishment of a knowledge base to facilitate development of coding and transcription skills. (3 contact hours)

This is a required career course in the Coding Specialist certificate program.

MRT-120-580 11 a.m.-12:30 p.m. Tues/Thurs Rm. 105
Starts Sept. 1 16 wks

Computers in Allied Health

1 credit hour

Introduces computer technology to health care students by presenting fundamental computer terminology while stressing applications that are important to the delivery of health care. Emphasizes the PC and, more specifically, word processing, Internet, spreadsheet and database management. Fee is required. (1.5 contact hours)

This is a required career course in the Coding Specialist certificate program.

MRT-130-580 9 a.m.-Noon Sat. Rm. 103
Starts Aug. 29 8 wks Blue Island Education Center

Developmental Math

3 credit hours

Emphasizes fractions and percentages. Signed numbers, the number line and order of operations are covered. Credit hours for this course can be applied to full- or part-time status, but will not count toward graduation credits unless specified in your certificate or degree program. (3 contact hours)

MTH-090-580 10:30-11:30 am Mon/Wed/Fri Rm. 125
Starts Aug. 31 16 wks

Beginning Algebra

4 credit hours

Prerequisite: MTH-090 with a grade of "C" or better, or requisite score on math placement test. Topics include order of operations, the solution of linear and quadratic equations and linear inequalities, the rectangular coordinate system, operations with polynomials, factoring, rational expressions, and applications. Credit hours for this course can be applied to full- or part-time status, but will not count toward graduation credits unless specified in your certificate or degree program. (4 contact hours)

MTH-095-580 Noon-2 p.m. Mon./Wed. Rm. 125
Starts Aug. 31 16 wks Blue Island Education Center

General Education Mathematics 3 credit hours

Prerequisite: Two years of high school math including algebra and geometry, and appropriate assessment test score, or MTH-098 and MTH-097 with grades of "C" or better. This survey course is designed to help students develop competency in problem analysis and problem solving, multi-step decision making, and quantitative reasoning. The course focuses on mathematical reasoning, mathematical modeling, and the solving of real-life problems involving mathematics. Analysis of mathematical models and written laboratory projects are integral parts of this course. Hand-held calculators and computers will be used as tools in decision making. The course covers three or four of the following topics in depth: counting techniques and probability, game theory, graph theory, linear programming, logic/set theory, mathematics of finance, and statistics. This course is not intended as a prerequisite for any other course in math and is not intended for engineering or science majors. Its primary goal is to help the general liberal arts student gain the level of numerical literacy and problem-solving skill necessary to become an educated citizen. (3 contact hours)

MTH-120-580 9 a.m.-Noon Sat. Rm. 107
Starts Aug. 29 16 wks Blue Island Education Center

Introduction to American Music 3 credit hours

A survey of American music to include classical, country, jazz, blues, rock, and other forms of expression. Aside from musical considerations, attention will be given to past and present socio-cultural conditions influencing American musical traditions and styles. This is a general education course and does not require previous musical experience. (3 contact hours)

MUS-106-580 9 a.m.-Noon Sat. Rm. 109
Starts Aug. 29 16 wks Blue Island Education Center

Environmental Science I 4 credit hours

This interdisciplinary analysis of man's environment stresses the physical, biological and ecological aspects. Man's relationship to the natural environment and responsible stewardship are emphasized. The units of study are water, wildlife, population/resources, and geology. Fee is required. (6 contact hours)

NAT-111-580 9 a.m.-Noon Mon./Wed. Rm. 105
Starts Aug. 31 16 wks Blue Island Education Center
NAT-111-582 6:30-9:30 p.m. Tues./Thurs. Rm. 105
Starts Sept. 1 16 wks Blue Island Education Center

GED en Español

El programa de GED de Moraine Valley da la oportunidad de ser eligible para obtener el diploma equivalente a la enseñanza media. El diploma se da a aquella personas que no han terminado la enseñanza media, pero que pasan una serie de exámenes que demuestran sus conocimientos educacionales son semejantes a los de los estudiantes graduados en un colegio de enseñanza media, incluyendo matemática, ciencia, escrituras, y ciencias sociales. Inscripciones y examen son el primer día de clase. Clases son gratis.

GE1-009-582
GE1-010-582 1-4:15 p.m. T
Clases empieza martes el dia 1 de septiembre por quince semanas.

GE1-009-583
GE1-010-583 6-9:15 p.m. T
Clases empieza martes el dia 1 de septiembre por quince semanas.

Gain Skills to Work in Today's Offices

Have you always wanted to work in an office? Sign up for the **Receptionist/Office Assistant Certificate Program**. Properly trained individuals to assist with basic office activities, including clerical and receptionist duties, are in demand by small and large companies.

In Moraine Valley's program, you will gain hands-on experience on equipment used in today's modern offices. The small class size allows individual attention from your instructors. And when you complete the program, Moraine Valley will help you find a job in this field.

Courses offered this fall at Eisenhower High School or the Education Center at Blue Island to get started in this career include:

IMS-100 Personal Computer Basics
IMS-115 Intro to PC Applications
OSA-102 Document Formatting
OSA-104 Keyboarding Speed and Accuracy
OSA-250 Records Management

EDUCATION CLOSE TO HOME

EISENHOWER CLASSES

Join the Growing Health Care Field

Join the team of health care professionals as a coding specialist. The **Coding Specialist Certificate Program** will qualify you to work in a physician's office, ambulatory setting, hospital, or billing service. Coders can expect to earn from \$20,000-\$50,000 per year depending on experience and requirements of position.

This 20-credit-hour coding certificate is a track in the A.A.S. in Health Information Technology Program.

Courses offered at the Education Center at Blue Island this fall:

MRT-110	Medical Terminology
MRT-111	Health Information Management
MRT-130	Computers in Allied Health

You can complete the sequence of courses between Eisenhower High School and the Education Center at Blue Island on a part-time basis.

In the Coding Certificate Program, you will gain a working knowledge of ICD-9-CM and CPT coding systems. Coded information is used to determine and secure appropriate reimbursement for health care services rendered. After completion of the certificate, you may choose to continue your education and earn the A.A.S. in Health Information Technology. All coding certificate courses are applicable toward the A.A.S. degree.

Por favor no traigan niños.

Prepare for a Criminal Justice Career

Moraine Valley at Eisenhower and the Education Center at Blue Island offer a program to prepare students for careers in the criminal justice system. If your career interests relate to the prevention and control of crime, the **Criminal Justice Program** offers the knowledge and skills necessary for entry-level employment.

You will gain a thorough understanding of the criminal justice system and processes, study the nature of and society's reaction to particular crimes, examine criminal law, and learn about the development of the correctional system in America.

The Associate in Applied Science degree is intended to lead to employment. If you are considering transferring to a four-year college or university to obtain a bachelor's degree using courses from this program, make an appointment with an academic advisor to review your options.

Specific general education courses this fall are:

- COM-101 Composition I
- COM-102 Composition II
- COM-103 Speech Fundamentals
- PSC-110 American National Government
- PSY-101 Intro to Psychology
- SOC-101 General Sociology

Required career courses:

- CRJ-101 Introduction to Criminal Justice
- CRJ-104 Investigations and Criminal Procedures
- CRJ-105 Criminology
- CRJ-106 Introduction to Corrections
