

Understanding Work-Study Student Employment

Work-study student employee must meet the same eligibility as budgeted student employee with a few additions. Please see the following:

1. Student must be enrolled at least half-time at MVCC – (Fall and Spring 6 credit hours and Summer 3 credit hours)
2. Work study student employees can only work during the duration of the length of the course.
3. If you would like the student employee to work before their course starts or after the duration of the course you **must** pay them out of your departmental budget. Contact JRC with the budget code and we will have them switched over to the departmental budget for payment.

For example for summer 2010:
