## Fun and Nurturing Summer Camps

### Summer Camp for 2-Year-Olds

Your 2-year-old will love his/her first summer camp experience! Fun, planned activities include themed weeks.

**Space – The Final Frontier** – The children will engage in fantasy flights to “outer space” where they will learn about our solar system and other galaxies. They will discover the different characteristics of the sun, moon, stars, and planets.

**It Takes a Village to Raise a Learner** – The children will engage in on-campus field trips to meet and interact with the various individuals and departments that contributes to their learning experience and helps them become lifelong learners.

**One, Two: Having Fun at the Zoo** – the classroom will be transformed to replicate a zoo where the children can pretend to feed the animals, visit a petting zoo and go on a safari.

Monday-Friday, 9-11:30 a.m.

#### **COST:**

Two days: \$45 per week  
Three days: \$68 per week  
Four days: \$88 per week  
Five days: \$109 per week

Session I: May 22-June 9  
Session II: June 12-July 7  
Session III: July 10-Aug. 4

### Summer Camp for 3-to-8-Year-Olds

This camp is designed to keep 3-to-8-year-olds busy while learning and having fun with themed weeks.

**Space – The Final Frontier** – The children will engage in fantasy flights to “outer space” where they will learn about our solar system and other galaxies. They will discover the different characteristics of the sun, moon, stars, and planets.

**It Takes a Village to Raise a Learner** – The children will engage in on-campus field trips to meet and interact with the various individuals and departments that contributes to their learning experience and helps them become lifelong learners.

**STEM-u-lations** – The children will participate in hands-on experiments in STEM, such as creating ramps; simple machines and pulleys; conduct the MENTOS experiment; work with graphs, sets and subsets; and using a digital camera.

Monday-Friday, 9-11:30 a.m.

#### **COST:**

Two days: \$40 per week  
Three days: \$60 per week  
Four days: \$80 per week  
Five days: \$90 per week

Session I: May 22-June 9  
Session II: June 12-July 7  
Session III: July 10-Aug. 4

## Registration begins May 8. Register in person at the center.

The Children's Learning Center also provides child care for children ages 2-5 that includes early childhood education, like science, technology, engineering, math, music tutoring, and a second language. Ask us about our great services and rates! Open to Moraine Valley students, staff and the community.
