Financial Aid Self-Service

Financial Aid Self-Service is a new, interactive, online tool that guides you step-by-step through the financial aid process.

What is Self-Service Financial Aid?

Self-Service Financial Aid allows you to know where you are in the financial aid process, the next steps required, and other important details. It gives you real-time access to your financial aid record.

You now can manage your Financial Aid package from one location. With the Financial Aid Self-Service System, you are able to track your progress from start to finish. You can now find answers to these questions 24 hours a day:

- Do you need to fill out your FAFSA?
- Do you have any required documents that need to be submitted?
- Would you like to view your Satisfactory Academic Progress?

To access the Self-Service system, log into MVConnect, then:

- Under "Self-Service Menu" select "Students."
- Select "Financial Aid" followed by "FA Self-Service."

Verification and Additional Information Process

Verification is a process to confirm information you provided on the FAFSA. Verification selection can be random or due to incomplete, estimated or inconsistent data reported on your FAFSA.

If your application was selected for verification, we will ask you to provide additional information to document the accuracy of your FAFSA, which may include 2016 tax information obtained directly from the IRS. A list of required documents can be found on Financial Aid Self-Service.

YOUR RESPONSIBILITIES

- Review Financial Aid Self-Service regularly.
- Check your email account for communication from the Financial Aid Office.
- Read all materials sent to you from the Financial Aid Office.
- Submit all documents and complete all requirements promptly to avoid delays.
- Keep copies of all forms you sign.

All requirements must be completed before a final award letter can be prepared.

Your financial aid awards will not be available for payment until verification is completed. Please allow time for document review.

Keeping Your Award

Maintaining financial aid eligibility is an ongoing process. Not only must you reapply for financial aid every year, but the Financial Aid Office is required to continually monitor your eligibility.

You must make **Satisfactory Academic Progress** toward your degree or program. See Satisfactory Academic Progress section in next column.

You must **maintain at least half-time enrollment (at least six credits)** to remain eligible for loans, SEOG, FWS. (For summer only: Federal work-study students need three credit hours.)

You must complete courses. Withdrawing from one class or all classes can negatively affect your ability to retain the funds awarded and/or disbursed to you. See **Consequences of Enrollment Changes**.

Satisfactory Academic Progress

Satisfactory Academic Progress (SAP) Standards

Academic progress is measured both qualitatively and quantitatively at the end of each semester against the following standards:

- Cumulative GPA is a minimum of 2.00 or higher;
- Cumulative completion rate is a minimum 67 percent or higher;
- Completion of program within 150 percent maximum timeframe allowed.

What is Maximum Time Frame? Undergraduate students must complete their program of study within 150 percent of the average published length of the program measured in academic years, semesters or credit hours attempted.

What is Satisfactory? "Satisfactory" is assigned to students who are meeting the following criteria:

- a. Have a cumulative GPA of 2.00 or higher and
- b. Have a cumulative completion rate that is a minimum of 67 percent or higher and
- c. Will complete their program within 150 percent maximum time frame allowed

What is Warning? When students do not meet the cumulative GPA and/or completion percentage requirement(s) portions of the SAP standards, they are placed on "warning" and are notified accordingly. Students remain on warning until the next time SAP is reviewed, which is the next payment period. During the warning status period, students remain eligible for federal financial aid for one payment period only.

What is Suspension/Termination? The second term following warning status that students did not meet one/all of the criteria below, they are ineligible for federal financial aid, and are notified accordingly.

- a. Cumulative GPA is less than 2.00 and/or
- b. Cumulative completion rate is less than 67 percent

Mitigating Circumstances

You will have the opportunity to appeal your suspension/termination status. However, the circumstances to appeal your status are limited.

You may appeal a suspension/termination if you did not make SAP standards due to the death of a relative, illness or other extenuating circumstances. All circumstances must be documented (and may or may not be approved by the committee).

The outcome of the appeal will determine whether you will be granted financial aid probation, be placed on a financial aid academic plan, or the suspension/termination will remain unchanged.

To access the SAP appeal form, log into MVConnect, then:

- (1) Under Students, click on resources green bar on left-side.
- (2) Select Financial Aid followed by Documents and Forms.
- (3) Under Other Important Financial Aid Documents, click on Appeal.

Please check the form for the deadline dates.

You are strongly encouraged and advised to see an academic advisor each semester to ensure you are selecting appropriate courses and progressing through your program of study. Please see our website for more information on Satisfactory Academic Progress.

Consequences of Enrollment Changes

The Financial Aid Office is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60 percent of a payment period or term. The federal Title IV financial aid programs must be recalculated in these situations. For detailed information about the Dropping Courses and Withdrawals policy, refer to our FAQ page on our website on student portal.

Reporting Additional Financial Aid Resources

You are required to notify the Financial Aid Office of any additional financial resources you receive that are not listed on your award notification. This includes scholarships, grants, fellowships, employee educational benefits, and loans not sourced from the Department of Education. These resources may result in adjustments and/or reduction of the financial aid originally offered. Please complete the **Outside Resource Notification** form on our website to advise us of all grants, scholarships and outside loans you will be receiving. If we know about these scholarships or loans, your financial aid award and tuition statement will be more accurate and we may not need to revise your financial aid award later in the year.

DO YOU HAVE A FINANCIAL AID PLAN?

A good financial aid plan includes understanding how much financial aid will be available to you to cover your educational expenses. If your aid is not sufficient to cover your entire balance, you may need to pursue additional options to satisfy your balance.

Additional financial options could include:

- External Scholarships
- Installment Payment Plan
- Federal Direct PLUS loan
- Private Alternative Loans

NOTES

- Renew FAFSA annually.
- Meet with Financial Aid expeditor when you have questions about Financial Aid.
- Apply for External Scholarships.

Payment of Aid and Refunds

Financial aid for an academic year is applied in two payments: half for the fall semester and the other half for the spring semester.

Federal, state and institutional aid for undergraduate students will be released to your student account no sooner than four weeks after the start of each term. Disbursement will only contain classes that you have begun attendance. Courses that start late in the semester will be disbursed at a later date.

If you have a credit balance on your student account, a refund will be generated for use for other educational expense.

Financial aid refunds are released no later than the 30th of each month. Students can receive refunds via mail or direct deposit at a bank of their choosing. To sign up for direct deposit, please complete the process on your student portal. Click Students, Student Account Information, and Bank Information to complete this process. Please note: Direct deposit takes two weeks to process. Therefore, you should complete the process by the end of the first week of school.

You have the right to cancel all or a portion of your student loans. Certain conditions apply. Please make an appointment with the loan coordinator to complete.

SPECIAL CIRCUMSTANCES

We recognize that students may have extenuating circumstances that the FAFSA does not consider. If a significant change occurs in your financial situation (e.g., reduction in income, loss of income, loss of employment, divorce/separation, death of a parent/spouse), you may submit a Professional Judgment Appeal and request that your financial aid eligibility be reviewed. The forms are available on the Student Portal under Student Resources. Click on Financial Aid, then on Documents and Forms.

Financial Aid Census Date

Financial aid payments will be disbursed based on the number of credits you are enrolled in on the census date. After this date, adjustments will not be made if you add/drop courses. Students should register for all courses for the semester prior to the census date. Any course(s) added after the census date will not be funded by financial aid. Your financial aid award will be recalculated for any courses recorded as “Dropped” (D), “Withdrawn” (W) (before the census date) or reported as “never attended” by your instructor. You may be required to repay the financial aid you received if you drop a course, you never attend a course and/or if you discontinue attending a course. Students are advised to confirm their attendance in each of their courses prior to the financial aid census date.
